## ABOUT RADIUS CHILD AND YOUTH SERVICES

Radius Child and Youth Services provides mental health treatment to children, youth and families affected by interpersonal abuse, neglect, and violence. The team at Radius has witnessed the resiliency and healing of thousands of children, but our work is far from done. We have made great strides in decreasing our wait list for new clients, decreasing wait times from 2 years to 9 months over the past year and a half. Radius is working hard to return to pre-pandemic wait times of 3 to 4 months for our young clients and we need your help to get there. Our core funding is finite, so every dollar raised at the Tournament of Hope will provide more children and youth with the therapy they need to heal from the trauma of abuse.

Healing from the trauma of abuse is a journey, and although the length of treatment varies based on case complexity, the average treatment time for these young people is 52 weeks. By supporting the Tournament of Hope, you are helping to build healthy, safe communities where children and youth thrive. Left untreated, children who have experienced trauma may carry the mental health issues associated with what they have been through into adulthood.

With a 40-year history of helping children and youth recover from traumatic experiences of abuse and neglect, Radius is recognized across Canada as a leader in the field of childhood maltreatment. With your support, we will continue to help children, youth, and families on their healing journey. Please join us in helping kids by sponsoring, attending, or donating to the Tournament of Hope.

**TOGETHER, WE CAN DO MORE. JOIN US IN BUILDING BRIGHT AND HEALTHY FUTURES.**
