# About Us

Radius Child and Youth Services is Ontario's largest provider of specialized mental health services for children, youth, and families affected by abuse, neglect, and intimate partner violence. Leaders in abuse specific assessment and treatment, Radius delivers over 5,000 hours of counselling each year.

Throughout the pandemic and mandated lockdowns Radius has continued to provide services to our clients virtually as well as offering support to parents and caregivers by phone and email. For clients unable to attend virtual treatment our dedicated clinical staff provide in-person therapy with safety precautions in place to ensure the health and safety of both clients and therapists.

The COVID-19 pandemic has had an impact on our wait list. In these challenging times this virtual event is more important than ever before. As referrals continue to grow, in no small part due to the mandated lock downs, the need for support also grows to help Radius meet the demand for our services in the communities we serve.

Your support of the Chef@Home event will help more children and youth receive the help they need. Radius has the experience, the leadership, and the drive to make this happen. Now we need YOU. Join us in building futures free from abuse.
